Thank you Debra, I appreciate the information! I didn't think we would have anything either, but just wanted to double check. Have a wonderful Thursday afternoon!

Hi Carissa,

We (RD) don't have any pictures to share. I contacted my BC and we both agree that you might want to contact the registrant of Temik. He also recommended the website domyown.com, which houses pesticide labels and how to apply and use pesticides as a resource.

Hope this helps.
Debra

Subject: Aldicarb Press inquiry requesting images

Good morning,

I hope you all are doing well and staying healthy. We received a request for images of TEMICK and/or aldicarb. I spoke with PRD (Sue) and she wasn't able to track down any images. Sue passed along your names to see if RD or BEAD has any images.

Do have any images I can share with the reporter?

Thank you,

Carissa
